

Nature Inspired Ice Art

The creation of a piece of art using natural materials and the cold air and water to fuse everything into something beautiful.

Equipment

- **Variety of plates or tubs**
- **Water**
- **Cold air or a freezer**
- **Sticks, flowers, grasses, seeds**

Method

- **Collect some natural materials**
- **Arrange them creatively in the tub or on the plate**
- **Add water**
- **Freeze overnight**

A simple activity that produces dramatic results. It will enable creativity, look at the relationships between science and nature as well as enhance fine motor skills.
