## Blairvadach 4 Day Outdoor Education Recovery Programme

#	COMMENTS	DATE
1	Fantastic blended approach but - Residential would be the preferred choice - the values this brings are immeasurable	12/21/2020 8:32 AM
2	The personal/social development aspect of the experience was invaluable for this group of young people.	12/3/2020 4:21 PM
3	Pupils and staff thoroughly enjoyed the personal and social journey that the pupils went on during their week at Blairvadach.	12/2/2020 10:18 AM
4	My students absolutely loved the entire week! It has been tough getting them to focus on work now that we are back in the class, but they keep saying they wish they could go back to Blairvadach! Thank you all so much for such a fun and unforgettable experience!	11/26/2020 5:38 PM
5	This experience allowed the children to develop lots of new skills and learn to work with their peers in a new setting.	11/26/2020 2:36 PM
6	The children had an amazing time during the 4 day activity course at Blairvadach. The instructors were excellent and were very patient with the children which encouraged children to be understanding and patient with each other. The activities were great and children were able to step out of their comfort zone, lead and learn from others. The children are still talking about their experience two weeks later!	10/19/2020 3:55 PM
7	The whole adventure week experience has been fantastic for our P7 pupils. They have been talking about it ever since. They have shown a very good ability in reflecting on their achievements also.	9/18/2020 1:30 PM

1	Very well led by thoroughly professional instructors	12/21/2020 8:32 AM
2	The group certainly many improvements in these areas.	12/3/2020 4:21 PM
3	Blairvadach staff were able to develop these life skills in the pupils extremely well.	12/2/2020 10:18 AM
4	The children are very confident around the school but it was interesting to see them persevere in learning new skills.	11/26/2020 2:36 PM
5	The range of activities were excellent for developing these skills.	9/18/2020 1:30 PM

1	With more time, the staff would have been able to explore these topics further with the group.	12/3/2020 4:21 PM
2	Being on site at Blairvadach added to this immensely.	12/2/2020 10:18 AM
3	The children were fascinated by the range of people they met on the hill walk. The instructors were great at imparting lost of really interesting information.	11/26/2020 2:36 PM
4	Our pupils thoroughly enjoy learning outside but the adventure week took this to the next level.	9/18/2020 1:30 PM

#	COMMENTS	DATE
1	Again, time constrictions meant that there were less opportunities for the Blairvadach team to make even more of an impact here.	12/3/2020 4:21 PM
2	The majority of the activities were new to the children and they have returned to school motivated to keep up their new skills and share these with the younger pupils.	11/26/2020 2:36 PM
3	They have been generally more engaged and motivated in learning since the adventure week and are all very keen to experience more of the range of activities offered.	9/18/2020 1:30 PM
4	The pupils have come back from this experience with a new curiosity about all things in the natural environment. They are currently planning to 'adopt' a piece of land as their outdoor classroom. Their first task is to plant bulbs for springtime and to tidy up during autumn and winter. Their goal is to have a place/base outside to explore the school grounds, bird watch, bug hunt, STEM activities and all cross curricular links that can be managed outside.	9/15/2020 3:35 PM

## Blairvadach 4 Day Outdoor Education Recovery Programme

#	COMMENTS	DATE
1	staff are first class and a genuine feeling of support for the children they lead during the week	12/21/2020 8:32 AM
2	Learners would have benefited from clear expectations set out by the instructor at the start of each activity. Some learners with ASN require very clear and simple language in order to understand risk. Thank you to the Blairvadach staff who were incredibly helpful in accommodating us. We had a brilliant week and the kids have had such a positive experience!	12/15/2020 3:21 PM
3	Given the fluidity of the situation in the weeks leading up to the activity week, the pre-visit information was as good as it could be. We were all delighted to be able to attend the centre.	12/3/2020 4:21 PM
4	Pre visit and during the visit all staff members were excellent. A credit to the Blairvadach team,	12/2/2020 10:18 AM
5	We received outstanding service from the instructors we worked with and Andy T checked in with me every day after the sessions.	11/26/2020 2:36 PM
6	Pre-visit information- Only thing I would have liked to have known before hand is that children needed a change of clothes for both days so that information could go out earlier to parents, but otherwise excellent.	10/19/2020 3:55 PM
7	Obviously we only had the opportunity to experience some of the activities that would have been available on a residential experience. But what was given to the pupils was far more than we could have hoped for in the current situation.	9/18/2020 1:30 PM
8	We could not have asked for better tutors/group leaders. They were excellent at motivating and encouraging the pupils. They answered all the pupils' questions and were engaged in teaching discreetly and guiding the children for the entire day. Health and Safety was adhered to at all times with regards to the current unprecedented times we are all experiencing and also in every aspect of all the activities the children were engaged in.	9/15/2020 3:35 PM

Q7 This is a temporary programme to replace our residential experience while overnight visits are prohibited. If you have experience of our residential programme we would like you to compare the two experiences with regard to outcomes achieved. Please use the sliding scale to determine if you would prefer a residential or non residential experience in the future.

## Q8 Please state any strengths in the course programme that your group undertook.

Answered: 11 Skipped: 0

#	RESPONSES	DATE
1	Strengths would simply be the opportunity to visit an outdoor centre outwith our local environment - a rare treat and experience for the majority of our children	12/21/2020 8:32 AM
2	The range of activities offered was excellent and the children were all encouraged to achieve.	12/15/2020 3:21 PM
3	High emphasis on communication and teamwork	12/15/2020 12:43 PM
4	The outstanding instructors, who, from the first moment engaged with and connected with our young people are a major strength of the whole programme.	12/3/2020 4:21 PM
5	Increased self confidence, increased self esteem, increased team bonds.	12/2/2020 10:18 AM
6	Self- esteem and teamwork were both things that I want to work on with my class and I have already noticed an improvement!	11/26/2020 5:38 PM
7	The programme we undertook was ideal under the circumstances. It was great to work with the instructors in local spaces. The activities were ones that we would struggle to offer the children due to lack of expertise and equipment.	11/26/2020 2:36 PM
8	Instructors were fantastic and informative. Children got the opportunity to experience new activities, and activities were suitable for all.	10/19/2020 3:55 PM
9	I think more pupils were more confident about taking part as they were not in the situation of staying away from home. They were able to experience Cunnigar Loop which many of them had not been to before and this would be easy for them to go to with their families.	9/18/2020 1:30 PM
10	Strengths in the programme were that a rapport was quickly built up between the group leaders and the children. This was done through games and activities which created a bond, created trust and established rules and guidelines.	9/15/2020 3:35 PM
11	A great introduction prior to actually undertaking a full residential experience. Staff were incredibly patient and encouraging.	9/9/2020 11:45 AM

## Q9 Please state any weaknesses in the course programme that your group undertook.

Answered: 11 Skipped: 0

#	RESPONSES	DATE
1	Honest answer - none it was excellent example of blended learning to accommodate a need in times where the residential experience wasn't possible - well done	12/21/2020 8:32 AM
2	Some of the activities would have benefited from clearer instruction from the outset, particularly the ropes course and the gorge walk.	12/15/2020 3:21 PM
3	none	12/15/2020 12:43 PM
4	Any 'weaknesses' are related to time. Two hours travel time is a huge chunk of the day. Perhaps some schools might consider a later departure time if it meant they could fit in another activity session.	12/3/2020 4:21 PM
5	N/A	12/2/2020 10:18 AM
6	A full week would have made it even better! One extra day at Blairvadach	11/26/2020 5:38 PM
7	I don't feel there were any weaknesses. Under the current restrictions it was wonderful to be able to offer the children a sense of normality and Coronavirus was forgotten for 4 days.	11/26/2020 2:36 PM
8	None Due to current circumstances outwith anyone's control, children unfortunately missed the residential experience. This would have been great to further develop the children's skills. (eg independence)	10/19/2020 3:55 PM
9	We didn't have that opportunity to have them away for the week and see how their independence developed. They also dint get the range of activities that they would have done during residential.	9/18/2020 1:30 PM
10	I found no weaknesses evident on the days we attended.	9/15/2020 3:35 PM
11	None other than that we were unable to follow it up with a residential.	9/9/2020 11:45 AM
